

Have Dr. Zahrowski speak to your group!

- What should you do for chipped, lost, or loose teeth?
- Why and when should orthodontics be started?
- Why do some young children need orthodontics early?
- What are orthodontic treatment goals, besides straightening teeth?

James J. Zahrowski DMD, MS is a **board certified** orthodontic specialist for children and adults who has been practicing in Tustin for over 20 years. He is a former **orthodontic instructor at UCLA**, gives **presentations** nationally, is a **reviewer** for many professional journals, and has **authored** numerous published articles. He is also one of only 12 national experts evaluating best treatments for patients for the American Dental Association.
